17th-century French literature was written throughout the Grand Siècle of France, spanning the reigns of Henry IV of France, the Regency of Marie de Medici, Louis XIII of France, the Regency of Anne of Austria (and the civil war called the Fronde) and the reign of Louis XIV of France. The literature of this period is often equated with the Classicism of Louis XIV's long reign, during which ...

The thoughts of the individual roam about in this dark cave and are variously modified by temperament, education, habit, environment, and

accident. Thus an individual who dedicates his mind to some particular branch of learning becomes possessed by his own peculiar interest, and interprets all other learning according to the colors of his own devotion. The chemist sees chemistry in all things
...

Once-fertile fields became increasingly arid and unusable: The environment deteriorated, at least from the perspective of the people and animals living there. The cases of precolonial Native American deer hunting and 14th-century Egyptian irrigation highlight an important fact: Human impacts on the environment are not inherently bad.

Turkey's economic and social development performance since 2000 has been impressive, leading to increased employment and incomes and making Turkey an upper-middle-income country. However, in the past few years, growing economic vulnerabilities and a more challenging external environment have threatened to undermine those achievements.
