In academic writing, an argument is usually a main idea, often called a “claim” or “thesis statement,” backed up with evidence that supports the idea. In the majority of college papers, you will need to make some sort of claim and use evidence to support it, and your ability to do this well will separate your papers from those of students who see assignments as mere accumulations of ...

Here are some tips to increase student-to-student interaction with academic language in the math classroom: Have students translate symbols into words, and write the sentence out. Hillary used this strategy to check students' comprehension of problems before they solved them. For example, $3x + 4 = 16$ would be written out, "Three times X plus four equals sixteen." This helps students process ...
